

Listing of Sessions by Track

Breast Cancer

1. *Adjuvant Chemotherapy for Breast Cancer: Changing Paradigms*
Sandra Swain, MD; Chair
Clifford Hudis, MD
Martine Piccart-Gebhart, MD, PhD
2. *Current Challenges in the Multidisciplinary Approach to Neoadjuvant Therapy of Breast Cancer*
Seema Ahsan Khan, MD, FACS, MPH; Chair
Vicente Valero, MD
Jay R. Harris, MD
3. *Endocrine Therapy for Breast Cancer: Where We Are, Where We Are Headed*
Nancy E. Davidson, MD; Chair
Harold J. Burstein, MD, PhD
J. Michael Dixon, MD, FRCS

Cancer Prevention/Epidemiology

4. *HPV Vaccines: A Worldwide Challenge*
Eduardo L. Cazap, MD; Chair
Keerti Shah, MBBS, PhD, MPH
Richard B.S. Roden, PhD

Central Nervous System Tumors

5. *Metastatic Disease of the Central Nervous System*
David Schiff, MD; Chair
Diane Palmieri, PhD
Tracy Batchelor, MD

Ethics

6. *Bringing God to the Bedside: Addressing the Diverse Spiritual and Religious Experience of Patients with Cancer*

Alan Bennett Astrow, MD; Chair
Lidia Schapira, MD
Timothy M. Pawlik, MD, MPH
Uma Mysorekar, MD

Gastrointestinal Cancer/Colorectal

7. *Colorectal Cancer Screening: Updated Guidelines and Future Directions*

Robert J. Mayer, MD; Chair
Michael P. Pignone, MD, MPH
Luis A. Diaz, MD

Gastrointestinal Cancer/Noncolorectal

8. *Dilemmas in the Management of Upper Gastrointestinal Cancers: Focus on Symptom Management*

Milind M. Javale, MD; Chair
Amy Pickar Abernethy, MD
Naifa L. Busaidy, MD
Jeffrey H. Lee, MD

9. *The Newest Liver-Directed Therapy for Gastrointestinal Cancers—What Lies Beyond Surgery and Hepatic Arterial Infusion?*

Steven A. Curley, MD; Chair
Andrew S. Kennedy, MD
Aida Lui Tam, MD

Genitourinary Cancer

10. *Genitourinary Malignancy: Monitoring and Management of Long-Term Effects of Systemic Therapy*

Celestia S. Higano, MD; Chair
Timothy D. Gilligan, MD
Matthew Raymond Smith, MD, PhD

11. Targeted Therapy in Metastatic Renal Cell Carcinoma: The Biology of Response, Resistance, and Clinical Therapeutics

Michael B. Atkins, MD; Chair

Abstract 1: Use of CA9 gene single nucleotide polymorphisms to predict prognosis and treatment response of metastatic renal cell carcinoma. (Abstract #5003)

Presenter – M. de Martino

Discussant – Sabina Signoretti, MD

Abstract 2: Phase II presurgical study of bevacizumab plus erlotinib in untreated patients with metastatic renal cell carcinoma. (Abstract #5004)

Presenter – E. Jonasch

Discussant – Sabina Signoretti, MD

Abstract 3: VEGF single nucleotide polymorphisms (SNPs) and correlation to sunitinib-induced hypertension (HTN) in metastatic renal cell carcinoma (mRCC) patients (pts). (Abstract #5005)

Presenter – J.J. Kim

Discussant – Bryan P. Schneider, MD

Abstract 4: Pharmacogenetic pathway analysis for determination of sunitinib-induced toxicity. (Abstract #5006)

Presenter – N. van Erp

Discussant – Bryan P. Schneider, MD

Geriatric Oncology

12. Chemotherapy and Targeted Chemotherapy for Older Adults with Lung and Colon Cancer

Richard M. Goldberg, MD; Chair

Cesare Gridelli, MD

Arash Naeim, MD

Gynecologic Cancer

13. Clinical Updates in Ovarian Cancer: Basic 101 and Beyond

Seiko Diane Yamada, MD; Chair

Joan L. Walker, MD

Paula M. Fracasso, MD, PhD

Head and Neck Cancer

14. Providing the Best Treatments for Head and Neck Cancer Patients in Community-Based Practice

Barbara Conley, MD; Chair

Frank G. Ondrey, MD, PhD, FACS

Mitchell Machtay, MD

Health Services Research

15. *Cancer and Thrombosis: Recent Progress in Treatment and Prevention*

Alok A. Khorana, MD; Chair
Agnes Y. Lee, MD, MSc, FRCP(C)
Charles Francis, MD

Leukemia, Myelodysplasia, Transplantation

16. *Supportive Care Controversies in Hematology: Transfusions, Growth Factors and Beyond*

Azra Raza, MD; Chair
Neil Blumberg, MD
Luca Malcovati, MD

17. *Myelodysplastic Syndromes – When and How to Treat?*

Guillermo Garcia-Manero, MD; Chair
John M. Bennet, MD
H. Joachim Deeg, MD

18. *Chronic Myeloid Leukemia: Where Are We? Where Are We Going?*

Moshe Talpaz, MD; Chair
Michael W. N. Deininger, MD, PhD
Jorge E. Cortes, MD

Patient Care

19. *Defining Goals of Care: Financial and Quality-of-Care Impact*

Jane C. Weeks, MD; Chair

Abstract 1: Tailoring end-of-life discussions to advanced cancer patients' state of grief.
(Abstract #9500)

Presenter H.G. Prigerson
Discussant – Anthony Back, MD

Abstract 2: Hospice utilization by men dying of prostate cancer. (Abstract #9501)

Presenter – J. Bergman
Discussant – Anthony Back, MD

Abstract 3: A survey of US and Canadian oncologists' attitudes toward the cost, cost-effectiveness (CE) and reimbursement of cancer drugs. (Abstract #9502)

Presenter – P. Neumann
Discussant – K. Robin Yabroff, PhD, MBA

Abstract 4: Clinical trial participants' strategies for coping with prescription drug costs: A companion study to CALGB 80405. (Abstract #9053)

Presenter – D. Schrag
Discussant – K. Robin Yabroff, PhD, MBA

- 20. *The Integration of Palliative Care into Oncology: A Role for ASCO***
Jamie H. Von Roenn, MD; Chair
Charles F. Von Gunten, MD, PhD
Florian Strasser, MD
- 21. *Diet, Exercise, and Cancer: Does the Evidence Support Lifestyle Modification as Part of Cancer Treatment?***
Pamela Jean Goodwin, MD; Chair
Jennifer A. Ligibel, MD
Wendy Denmark-Wahnefried, PhD
- 22. *Physical, Psychological, and Cognitive Challenges of Long-Term Cancer Survivors***
Michelle Joy Naughton, PhD; Chair
Dawn L. Hershman, MD, MS
Christopher Recklitis, PhD, MPH
Janette L. Vardy, MD, PhD
- 23. *Solutions for Patients with Chronic and Severe Cancer Related Pain***
Nathan Cherny, MBBS, FRACP, FRCP; Chair
Frank Douglas Ferris, MD
Perry Fine, MD
- 24. *Personalized Treatment for Patients with Malignant Spinal Cord Compression: A Multidisciplinary Approach***
Janet Lee Abrahm, MD; Chair
Dirk Rades, MD, PhD
Roy Andrew Patchell, MD

Practice Management and Information Technology

- 25. *Principles of Safe Practice: Using an Oncology Electronic Health Record System for Chemotherapy Ordering, Preparation, and Administration***
Lawrence Shulman, MD; Chair
Kathy Lokay, BA, BS
J. Russell Hoverman MD, PhD

Professional Development

26. *Using the Internet to Keep Current: From Podcasts to Virtual Meetings to RSS*

Daniel D. Karp, MD; Chair

Ronald H. Blum, MD

L. Michael Glode, MD

Clifford Hudis, MD

27. *Keys to Speaker Success (Or How to Talk Good)*

George W. Sledge, MD; Chair

Jay R. Harris, MD

Monica Morrow, MD
